Vintage Items/Clothing, Antiques, and Collectibles!

### DID YOU KNOW?

What is considered Vintage?

“Vintage” refers to items or clothing at least twenty years old which strongly reflect the style and trends of that era. Think 1920’s Flapper dresses or metal store signs.

What is considered Antique?

“Antique” generally refers to items that are over 100 years old. Think handcrafted furniture or hand tools.

What is considered a Collectible?

“Collectible” refers to rare or highly sought-after items, some with specific historical value. Think baseball cards or rare coins.

Interested Vendors can request an application via email at [pamplintownclerk@outlook.com](mailto:pamplintownclerk@outlook.com) or at the Town Office.

Indoor Vendor spots are limited and all potential vendor applications will undergo a pre-screening process to ensure your items meet the eligibility requirements for Antique/Vintage/Collectible status.
